## SC PERFORMANCE GOAL

### 2010 Goal:

By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

### 2020 Vision:

By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

## REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Busbee Creative Arts Academy believes in providing an atmosphere that enables students to become confident, self-directed, lifelong learners. This year we focused on Steven Covey's Seven Habits of Highly Effective Teens during our student learning community time and implemented initiatives that would build and strengthen the students' academic skills.

We began the year with a school-wide field trip to see a ballet of Hansel and Gretel at the Koger Center of the Performing Arts. The students experienced Pinocchio, an opera performed by the University of South Carolina opera group. Classical guitarist Christian Thomas Lee spent a week with us in the spring. He shared his musical talents and rare art collection, such as an original Picasso, with the students. Author Terry Tucker-Ward spent an afternoon sharing her novel, "Moonlight and Millwhistles." Mr. Matthews, our drama teacher, is working to translate the book into a play. Several students premiered scenes for Terry Tucker-Ward.

Along with our School Improvement Council, we monitored student progress and improvement. To help improve student learning, computers were added to every language arts and math class. Teachers were able to use PLATO within their rooms to remediate and accelerate the learning process. Another initiative involved a faculty member holding individual writing conferences with each student prior to the March PASS writing test. To extend the students' learning and support the district's summer reading program, we provided summer reading books that were distributed on the last day of school.

We continue to recognize that students need to be in a class to learn and that we needed to reduce the amount of time students spend out of the classroom for discipline. The faculty participated in extensive professional development on the Effective Teacher video series by Harry Wong. The training guided our focus back to procedures over discipline. In team meetings, teacher shared and reflected on best practices, such as reading in the content area and Marzano's Classroom Instruction that Works.

Busbee Creative Arts Academy continues to strive and develop better ways to improve our students' academic progress and preparation for high school. We will continue to use data from MAP Testing, PASS Testing, End of Course Tests, parent surveys, and student perception surveys to drive our instructional focus.
